per hour, depending on sheet size

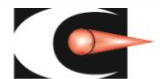

All AL'S CO UV, Inc. products are made of the highest-quality materials, machined to close tolerances, and finished to exacting demands both in appearance and performance. AL'S CO UV guarantees all of our products against defects in workmanship and materials for a period of one year from the date of sale of such products. Within this guarantee period, any part or parts proven to be defective upon examination at our factory will be replaced or repaired, free of charge. Transportation charges on parts submitted for repair or replacement under the Guarantee must be born by the purchaser. This Guarantee presumes reasonable care of the product by the purchaser and does not cover misuse, neglect, or damage by transporting or accident.

**FINALLY— universal paper
feeders designed by a press
operator – for a press operator.**
